## **Southlands Announces The Installation of Volta Electric Vehicle Charging Stations**

**Aurora, Colo. (April 18, 2022)** – Southlands Shopping Center has announced a new partnership with Volta Inc. and will be installing six (6) electric vehicle (EV) charging stations at the center this summer.

“Southlands is pleased to offer its guests the convenience of Volta charging stations for their electric vehicles. Volta provides drivers with a simple and easy way to charge while shopping or dining,” said Martin Liles, Southlands’ general manager.

“Consumers are increasingly searching for and supporting companies that mirror their own values,” said Dawn Zancan, VP of Enterprise Solutions at Volta. “We’re excited to drive forward in partnership with Southlands to further our goal of weaving EV charging seamlessly into people’s everyday lives.”

Volta’s unique charging stations will feature high-impact, large-format digital screens and will be located at key locations in high-traffic areas around the center.

### **About Southlands Shopping Center**

### **About Volta**

Volta Inc. (NYSE: VLTA) is an industry-leading electric vehicle ("EV") charging network powering vehicles and commerce. Volta's vision is to build EV charging networks that capitalize on and catalyze the shift from combustion-powered miles to electric miles by placing stations where consumers live, work, shop, and play. By leveraging a data-driven understanding of driver behavior to deliver EV charging solutions that fit seamlessly into people's daily routines, Volta's goal is to benefit consumers, brands, and real-estate locations while helping to build the infrastructure of the future. As part of Volta's unique EV charging offering, its stations allow it to enhance its site hosts' and strategic partners' core commercial interests, creating a new means for them to benefit from the transformative shift to electric mobility.
