Children's Privacy

Southlands' general website is not intended for nor targeted to children. However, our kids club program does have information and activities for children under the age of 13. Because of this, we comply with the Children's Online Privacy Protection Act ("COPPA") with regard to personal information collected online from children under 13.

Information Collected:

We respect the privacy of children, and do not collect any more personal information than reasonably necessary to enable them to participate in the activities we offer at our Website or as part of our kids club program. In order to join the kids club program, the only information you are required to enter about your child is the child's first name, last name and birthdate. However, we also require that the child's parent enter the parent's name, mailing address, and email address in order to join our kids club, and some of this information is likely to be the same as that of the applicable child.

Sharing of Children's Information:

The information collected from or regarding children under the age of 13 is accessible to only House of Current, Southlands' website partner, Southlands, third parties and agents who provide support for the internal operations of the Website and the program (e.g., contractors who provide fulfillment services or technical support to the Website or program).

These parties who have access to this information have agreed to maintain security and integrity of personal information. We do not have any agreements with outside organizations to collect personal information at our site.

Use of Children's Information:

The information we collect from or about children on our website is used to send newsletters or other information regarding our kids club program to kids via email addresses provided by the parent.

Modifying or Deleting Children's Information:

Parents can review the information that we have collected from their children online, prevent the further use or maintenance of such information, or direct the deletion of their children's personal information by calling, emailing, or writing to us using the contact information provided below.
